SOUTH PLAINFIELD HIGH SCHOOL AT A GLANCE

SOUTH PLAINFIELD HIGH SCHOOL PHILOSOPHY OF EDUCATION

The primary responsibility of any educational institution is to meet the needs of the students it serves. As a secondary educational institution, South Plainfield High School recognizes that the school is not simply an academic institution; the school is the representative of all concerned citizens, teachers, administrators, and parents. We are the guardians of the future, responsible for ensuring that our youth enter that future with self-assurance and secure in the knowledge that they have been prepared to meet the challenges that await them. We seek to provide an educational environment which nurtures growth and development and encourages creativity and exploration. We value the youth of our community.

The educational process should provide learning opportunities, a strong academic background for those who wish to continue their education, and the development of technical skills for those who wish to enter the job market. The teachers, administrators, parents, and community accept this vital responsibility of nurturing the youth of our community, knowing them to be the hope for the future. We recognize that if we ourselves fail to achieve the highest possible level of excellence in our own endeavors, we fail to provide our youth with a model worthy of emulation in their own lives. In all these areas, we strive for excellence.

CHARACTER AND VALUES

In appreciation of the freedom afforded in the democratic society in which we live, and in an understanding of the need to build a strong foundation in the development of character and citizenship during the formative years of growth, South Plainfield High School recognizes the importance of the “common core of values” for our society.

STUDENT'S LEGAL RIGHTS AND RESPONSIBILITIES

1. A student has a fundamental right to a free public education and has a corresponding responsibility to join with other members of our school community in respecting the rights and responsibilities of others in our community and in establishing a climate for learning within our school.
2. A student has a right and responsibility to live by the rule of law and to equal protection under that law in school as in the larger society.
3. A student has the responsibility to obey school regulations and the school authorities that enforce them. This responsibility extends to conduct to and from school as well as in the building and school related functions.

4. Your right to assemble and to circulate petitions carries with it the equal responsibility to respect the orderly operation of the school. School administrators have a right to restrict the time, place and manner of such activities and may require advance notice.
5. Your parents are entitled to inspect official school records. School administrators may determine the time and manner of presentation.
6. A student has the same rights in relation to the police in school as you have out of school. You have the right to be informed of your legal rights, to be protected from coercion and illegal constraint, and to remain silent. You must identify yourself.

AGE OF MAJORITY – P.L. 81, 1972

A student 18 years of age or older must still obey all school rules and regulations. Any rule or practice which is appropriate to the orderly and productive administration of a school community may be applied to all within that community including students who are 18 years of age or older. Whether you are under 18 years of age or older, you are accountable – in terms of grades, disciplinary sanctions, attendance, conduct in school, or otherwise. Furthermore, the administration reserves the right to advise parents of any situation regarding a student, regardless of age, which it deems worthy of parental acknowledgment.

PARENTAL RESPONSIBILITIES

The education of young people is a cooperative effort involving the students, school and parents. Informed parents make fine partners in the educational process. While every effort will be made to keep parents informed, parental initiative to know the child's academic program and status is strongly encouraged.

Parents should regard it as their responsibility to send their children to school in the proper state of health, clean and well groomed, and to provide a proper home environment and adequate time for students to study and to complete homework on a daily basis. Encouraging positive attitudes toward learning, as well as respect for school personnel and other students is another important step that parents can take toward ensuring a child's success.

Throughout the year, parents should work cooperatively with school personnel to maintain and/or improve their student's attitude and behavior, motivate their student in his/her quest for excellence, monitor student achievement through the Genesis Parent Portal and promote involvement in extracurricular activities.

Together, we can support students as they confront new challenges and responsibilities and encourage them to become proud members of the South Plainfield High School community.

CHAIN OF COMMAND

The following chains of command exist for communicating with school staff:

General academic and school issues: The initial contact should be with the child's teacher. If the matter is not satisfactorily resolved, school personnel should be contacted in the following order: the appropriate Assistant Principal, the Building Principal, the Assistant Superintendent and the Superintendent.

Guidance Department issues: The initial contact should be with the child's school counselor. If the matter is not satisfactorily resolved, school personnel should be contacted in the following order: the Director of Guidance, the Building Principal, the Assistant Superintendent, and the Superintendent.

Athletic Department issues: The initial contact should be with the child's coach. If the matter is not satisfactorily resolved, school personnel should be contacted in the following order: the Athletic Director, the Building Principal, the Assistant Superintendent, and the Superintendent.

SEXUAL HARASSMENT POLICY

The Board of Education explicitly forbids any conduct or expression that may be construed as the sexual harassment of a pupil by an employee of the district or by another pupil.

The sexual harassment of pupils includes all unwelcome sexual advances or suggestions, request for sexual favors, and verbal or physical contacts of a sexual nature whenever such conduct has the purpose or effect of intimidation or tends to create an intimidating, hostile or offensive educational environment.

The Superintendent shall direct the instruction of all pupils in their right to be free of sexual harassment and shall encourage pupils to report to the affirmative action officer any incident of sexual harassment.

AFFIRMATIVE ACTION/SECTION 504 COMPLIANCE/AMERICANS WITH DISABILITIES ACT

Section I – The Policies

The Board of Education of South Plainfield declares it to be the policy of this district to provide an equal opportunity for all students to achieve their maximum potential through the programs, use of facilities, and practices of its schools regardless of gender, race, color, creed, religion, ancestry, national origin, place of residence, social or economic status, or handicap. Furthermore, the Board declares it to be the policy of this district to provide safeguards to ensure that all students have equal access to facilities, academic opportunities, vocational/technical programs, scholarships, and co-curricular activities in compliance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act.

CHILD ABUSE OR NEGLECT

The Board of Education believes that the physical and mental wellbeing of all children in its charge must be maintained. School district personnel will cooperate with the New Jersey Division of Child Protection and Permanency, CP&P (formerly DYFS) in identifying, immediately reporting, and in the investigation of all suspected cases of child abuse or neglect. All school employees have received child abuse or neglect in service training. As a result of that training, all school employees who have a reasonable cause to believe that a child has been subjected to abuse or acts of child abuse will report it immediately to CP&P as stipulated in New Jersey Statute 9:6-8.10. In addition, the schools will cooperate with CP&P in the early identification, reporting and investigation of suspected child abuse cases, whether or not corroborative evidence is available. Should you wish to know more about the South Plainfield Board of Education's policy regarding child abuse or neglect, please be advised that copies of Policy #5141.4 are available in the Business Office and all school buildings.

THE FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days of the day the school receives a request for access. Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
 - i. The right to request the amendment of the student's education records that the parent or eligible student believes is inaccurate. They should write the School Principal (or appropriate school official), clearly identify the part of the record they want changed and specify why it is inaccurate. If the

school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

2. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the school has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.
3. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the South Plainfield School District to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

**Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-4605**

ANNOUNCEMENT, PUBLICATION AND/OR DISTRIBUTION OF WRITTEN OR PRINTED MATERIALS ON SCHOOL PREMISES

The purpose of this policy is “to seek to accommodate the maximum degree of expression by means consistent with the good order of the school.” (Reference #2 below). To facilitate this, the South Plainfield Board of Education affirms that:

1. Written or printed matter such as newspapers, magazines, articles, brochures, pamphlets, leaflets, handbills, posters, and including labels, buttons, or other media for communicating with students and school personnel may not be distributed, displayed, announced, or posted on school property or school premises, or on any vehicles owned, stored, or parked on school property, if these materials:
 - a. Contain so called “hate” literature; which scurrilously attacks ethnic, religious, and racial groups.
 - b. Include irresponsible and/or offensive statements or portrayals aimed at creating hostility, violence, setting group against group, individual against group, or individual against individual.

- c. Contain obscenities, or hard-core pornography.
 - d. Are aimed at inducing students and/or non-students to disrupt the operation of the school, or to absent themselves from scheduled classes or authorized school activities.
 - e. Are unreasonably critical of teachers, principal, administrators, and advisors
 - f. Contain “fighting words” – such insults which by their very utterance tend to incite a breach of the peace.
 - g. Are in conflict with N.J.S.A. 18A: 42-4, which regulates the distribution of materials in school concerning general, municipal, or school elections.
2. Permission to distribute materials must be requested of the building principal at least two school days prior to its distribution. Approval or disapproval will be given by the second school day.
 3. Upon receipt of such approval, students will be free to distribute the materials before school, after school, and at the interval between classes.
 4. The distribution cannot take place in the actual class areas themselves, including gym classes, study halls, and the Information Center. This is not an attempt to limit expression or pre-censor controversial or unpopular (to the administration) ideas. These guidelines are deemed necessary to preserve the good order of the school.

POSTING FLYERS

All flyers or postings must be approved by the administration and posted only on bulletin boards and exposed brick walls in the school.

VOLUNTEERS

All volunteers, in athletic or co-curricular activities, must be fingerprinted and be approved by the Board of Education before he/she may have any contact or involvement with students.

SECTION 2 GENERAL INFORMATION

CARE OF SCHOOL PROPERTY

The Board believes that the school should help students to learn to respect property and develop feelings of pride in community institutions. The Board charges each student in this district with the responsibility for the proper care of school property and supplies and equipment entrusted to his/her use. If financial liability is not paid in full, diplomas, report cards, transcripts and transfer information will be withheld. Also, class activity privileges (prom, class trips, commencement ceremony, etc.) and participation in athletics and co-curricular activities will be denied until **all** financial obligations are fulfilled.

In accordance with law, students who cause damage to school property shall be subject to disciplinary measures, and their parents/guardians shall be financially liable for such damage. Students over 18 years of age are personally liable. The school also reserves the right to pursue legal recourse against any student or individual who causes damage to school property.

LITTERING

Students responsible for inappropriately disposing of trash and other materials on school grounds or in the school itself will be subject to disciplinary measures, which may result in the suspension of privileges or a monetary fine.

ISSUE AND RETURN OF TEXTBOOKS AND EQUIPMENT

When students are issued textbooks or equipment for use outside of school, a card will be completed including the identification number and condition of the book or equipment. Students must write their names in textbooks. Textbooks and other equipment must be returned in the same condition as when they were issued. **Students must personally return all textbooks to their teachers. The student's possession of the original card is their proof of return of the textbook. Students are held accountable for all textbooks and equipment entrusted to their care, and they will reimburse the school for any textbook or equipment which is damaged, lost or not otherwise returned including materials borrowed from the Information Center.**

Charges for lost materials should be paid in full by the end of the school year. Diplomas, student schedules, and transfer information will be withheld and class activity privileges and participation in athletics and co-curricular activities (prom, field trips, extra-curricular activities, sports, events, etc.) will be denied until **all** (past and present) materials are returned or paid.

PERSONAL PROPERTY – BOARD OF EDUCATION DISCLAIMER

The Board of Education is not responsible for the loss, damage, or theft of any personal property, including; automobiles, cell phones, laptops, tablets, purses, wallets, jewelry and money, while possessed, stored, or parked on school property.

LOST AND FOUND

All items found in school or on school property are to be promptly turned into the main office. Inquiries about lost articles are also made in the main office. In the event that lost articles are not claimed by June 30 of the current school year, they will be donated to a charitable organization.

STUDENT IDENTIFICATION CARD

All students must have their South Plainfield High School issued ID in their possession and visible **AT ALL TIMES** when in the building or on school premises.

A student that loses or damages their ID will be sent to the Main Office. The student will be issued a temporary ID until a new ID is printed. Any ID (student or temporary) that is lost or damaged must be replaced at the expense of the student for \$5.00. If a student breaks or loses a school issued lanyard the student can purchase a new lanyard for \$1.00. All lanyards must be breakaway for safety purposes. **NO EXCEPTIONS.**

Students who forget or lose the ID, **MUST** report to the Main Office prior to the start of Homeroom to receive a Temporary or New ID. Students who follow this procedure will be given a warning before a consequence is given. Students who fail to report to the Main Office prior to the start of Homeroom will receive a PM Office Detention. Repeat offenders are subject to progressive consequences.

Reason why a student will be given a consequence include:

1. Wearing another students ID.
2. Not having an ID in your possession.
3. Not having a current school ID
4. Allowing someone else to use your ID

STUDENT LOCKERS

Students will be assigned a hall locker for use throughout their four years at South Plainfield High School. Students are permitted to use only their assigned locker and are responsible for securing their possessions. The student assigned to a locker will have access to the combination.

If any problems, including theft, should arise throughout the school year involving hall lockers, students should immediately notify the Attendance Office and complete an Incident Report Form. The appropriate school personnel will be contacted and, if necessary, law enforcement officials.

The school is not responsible for the loss of items in school lockers. Students will be held financially responsible for the damage or the defacing of assigned lockers. Lockers should be kept clean and orderly with the door locked at all times.

Students are required to empty their lockers at the end of each school year. Students who withdraw from school early must empty their lockers before their departure. After the close of each school year, lockers will be emptied and cleaned. The school will not assume any responsibility for personal property left in lockers.

Please remember that lockers are the property of the Board of Education. As such, students have no expectation of privacy with regard to the contents of their lockers or any other storage facilities which have been provided for student use. Lockers and storage facilities may be searched at any time, with or without cause.

In addition, the South Plainfield School District reserves the right to use the South Plainfield Police Departments K-9 unit for the purposes of detecting illegal and controlled dangerous substances in the high school or any other reason as determined by administration.

INFORMATION CENTER

The Information Center provides a wide range of services to students and staff, including an online catalog (OPAC), Microsoft Office, and Internet access available on networked computer workstations. The Internet provides access to Jersey Cat, New Jersey State Library's interlibrary loan service for participating academic, public, and school libraries. Students and staff may request books and journal articles that are delivered to the High School Information Center. Through our membership with LibraryLinkNJ, The New Jersey Library Cooperative, and the NJ State Library, school and remote access is provided to online databases such as EBSCO, and GALE. District membership to Learn 360 provides access to digital video and media for classroom use. Information Center resources are available online at <http://sphsinfo.org>.

Information Center hours are 8:00AM to 2:50 PM, with an earlier closing for scheduled meetings. Students who are not coming to the Information Center with a class must present a completed pass and sign in at the circulation desk immediately upon arrival.

Student ID cards are used for borrowing items.

BORROWING AND RETURNING MATERIAL

The Information Center provides books and periodicals for student and faculty loan. Books from the regular collection and back issues of magazines may be borrowed for two weeks and are renewable. Reserve materials may be borrowed overnight, and in some cases, cannot be renewed.

Many resources are also available online such as eBooks and periodicals through EBSCO.

A book return slot is located in the front of the circulation desk for the return of all materials.

OVERDUE AND LOST MATERIAL

Overdue notices are sent to the student through his/her homeroom teacher. If the material is not returned, the parent/guardian will be contacted. If the material continues to be overdue, the student schedule and class activity privileges (prom, field trips, extra-curricular activities, sports, and events) will be withheld; for graduating seniors, the diploma will be withheld, transcripts withheld, and all transfer information will be held. Borrowing privileges are denied when an overdue obligation exists, and participation in school-related events may be denied. No fines are charged for overdue materials, but the replacement cost of the lost material must be paid.

The charge for a lost book, DVD or CD is the current full price of the item. Lost magazines and pamphlets are \$4.00 each.

VISITORS

With the exception of presently enrolled students and South Plainfield High School staff, all visitors, including parents/guardians, are requested to enter the High School through Exit #1 (Circle Side) and present their ID to the Main Office staff before they will be permitted to enter the building to sign in and receive a “**Visitor’s Pass**”. FIRE AND EVACUATION DRILLS

Fire drills are necessary for the safety of students and staff. All building occupants should know the specific direction for reaching a point of safety from any assigned area. Directions for fire drills are posted in each room.

General rules to follow are:

- Students must follow designated exit instructions by walking to the appropriate exit and meeting at the predetermined assigned location for that classroom. **All students must refrain from running and talking** and **MUST** stay with their assigned teacher for purpose of taking attendance.
- When instructed to do so, all students will return to assigned classrooms in an orderly fashion.
- Failure to follow above instructions may result in disciplinary action.

To be effective, lockdown procedures must be practiced. Our high school community will practice lockdown procedures on a regular basis to familiarize all involved with the process.

When a lockdown drill is announced, all students must abide by the following directions:

IN CLASSROOM

- An announcement will be made that the building is being locked down.
- Report to assigned lock down location previously determined by the teacher.
- Remain silent until the teacher confirms the lock down has concluded.

IN BUILDING/OUT OF CLASSROOMS

- Students who are outside of the classroom will go to the nearest classroom/office that can be secured.
- Report to a location away from plain view of the entrance
- Remain silent until a staff member present confirms the lock down has concluded
- If no staff member is present, student should remain locked down until a staff member physically opens the door and informs the student that the lock down is complete.

OUTSIDE OF THE BUILDING

Students who are outside the building will report to one of the evacuation sites designated in the evacuation plan.

HOMEWORK POLICY

The South Plainfield Board of Education recognizes the need for students to actively pursue homework as a further extension of their classroom activity. The Board, therefore, directs that homework shall be assigned in kindergarten through twelfth grade.

Homework should stimulate the intellectual development of the student and create and broaden desirable interests and habits. It should be an outgrowth and extension of meaningful classroom activities and help the pupil to learn how to study. Homework should never be assigned for punitive reasons.

The teacher should provide help in developing good study skills, provide for individual differences and abilities, and make certain that homework assignments are purposeful, clear, and have real meaning for the pupil. Homework should be explained in class to enable pupils to ask questions and to receive any initial assistance needed.

The student should assume a willing responsibility for completion of homework and should make certain that he/she understands the purpose and requirements. The student should use study time properly and efficiently.

***The homework requirements may differ with each course and teacher. Students/parents should check with the teacher of each course being taken to determine the homework requirements for that course.**

REQUEST FOR HOMEWORK

In case of extended illness of five days or more, assignments may be requested through the School Counseling Office. Please allow two days for materials to be compiled.

SUMMER SCHOOL

Students are encouraged to work to the highest level of their ability in all courses undertaken throughout the regular school year. Should circumstances require attendance in summer school, the following will apply:

- Students who withdraw from class with a grade of “WF” or “WP” are not eligible to enroll in a summer school program in that subject.
- Recording of summer school grades and course credit:
 - The summer school course and final grade issued in the summer school course will be indicated as such on the student’s transcript. Both grades will be posted on the student’s transcript and be factored into his/her G.P.A. Attendance in summer school is based on availability.

WORKING PAPERS

Those students under 18 years of age who have been promised employment must possess working papers as issued by the State of New Jersey. Working papers may be picked up in the high school's Guidance Office between 8:00 AM and 3:30 PM. Monday through Friday. Please phone (908) 754-4620, Ext. 1632 to determine summer hours and pick up location.

The Board of Education believes it is the responsibility of parents to judge the potential detriment of part-time work on the academic progress of their children. Parents should be aware of the following:

Minors under sixteen years of age may not be employed

- Before 7AM or after 7PM;
- For more than 3 hours on a school day nor more than 18 hours in a school week;
- For more than 8 hours on a non-school day nor more than 40 hours in a non-school week nor more than 6 consecutive days.

Minors 16-18 years of age may be employed

- Not more than eight (8) hours a day;
- Not more than forty (40) hours a week;
- No more than 6 consecutive days;
- Not before 6AM or after 11PM;
- Not more than five (5) hours continuously without a 30-minute lunch period.

TRANSFERS/WITHDRAWAL FROM SCHOOL

Students transferring from another school must submit from that school an unofficial transcript that indicates the number of credits earned and the courses in which those credits have been completed. In cases where courses from the other school are not offered in the South Plainfield High School curriculum, credits earned will be evaluated. An official transcript must be received from the sending school to evaluate official records.

Students leaving South Plainfield and transferring to another district must officially sign out. All text must be returned, an Exit Form signed by all teachers and school officials, and Board of Education approved fees paid before transfer information is released to the receiving school. A parent/guardian signature is required before a student is issued transfer/withdrawal papers. This process is handled in the School Counseling Department.

PAGING DEVICES AND CELLULAR TELEPHONES

Pupils are not permitted to bring or possess a remotely activating **paging device** on any school district property at any time regardless of whether school is in session or other persons are present.

A pupil who is an active member in good standing of a volunteer fire company, first aid, ambulance or rescue squad may bring or possess a remotely activated paging device on school

property, **only if the pupil is required to respond to an emergency and the pupil provides a statement to the superintendent (and/or the building principal or designee) from the chief executive officer of the volunteer fire company, first aid, ambulance or rescue squad authorizing the possession of the device by the pupil at all times and that the pupil is required to respond to an emergency.** If membership is relinquished, pupil must tell the superintendent (and/or the building principal or designee).

Cellular telephones must be turned off while the pupil is in his or her classroom. Pupils are not permitted to use cellular telephones while class is in session. If cellular phones are carried, they must be concealed in the student's pocket, backpack, or locker. **Pupils may only turn on their cellular phone and use for messaging purposes only while in their assigned lunch and after school has concluded for the day.**

Cellular telephones that are turned on in violation of this policy will be confiscated by the staff member witnessing the violation and the pupil's parent may be required to come into the school and retrieve the cell phone. If parents cannot retrieve the cell phone on the day in which they were notified the cell phone will be placed in the school safe.

Cellular phones that are visible, ring, or vibrate during any teacher, district, or state testing will be confiscated and turned over to the building principal (or designee); the pupil and parent will be informed that there will be a grade of "0" for that test, quiz, or exam.

OFFICE TELEPHONES

Office telephones are available for staff use and emergency student use **only**.

SOCIAL EVENTS

Pep rallies, assemblies, dances, field trips, etc. are provided to enhance school spirit and to allow for social interaction of students. It is the school's desire to provide these activities depending upon available resources. Their continuation depends on everyone's cooperation. **Students suspended from school are excluded from school-sponsored activities and are prohibited on Board of Education property for the term of their suspension and will not be refunded any monies associated with the event.** Students should be advised that all school rules are in effect during field trips and any other school-sponsored activities, including athletic events, even if the event is not held on school property.

ABSENCES FOR RELIGIOUS HOLIDAYS

According to the terms of Chapter 322, P.L. 1951, regarding pupil absence from school because of religious holidays, the Commissioner of Education, with the approval of the State Board of Education, is charged with the responsibility of prescribing such rules and regulations as may be necessary to carry out the purpose of the law. The law provides that:

- Any pupil absent from school because of a religious holiday may not be deprived of any award or of eligibility or opportunity to compete for any award because of such absence.
- Pupils who miss a test or examination because of absence on a religious holiday must be given the right to take an alternate test or examination.
- To be entitled to the privileges set forth above, the pupil must present a written excuse signed by a parent or person standing in place of a parent.
- Any absence because of a religious holiday must be recorded in the school register or in any group or class attendance record as an excused absence.
- Such absence must NOT be recorded on any transcript or application or employment form or on any similar form.
- The Commissioner, with the approval of the State Board of Education, is required:
 - To prescribe such rules and regulations as may be necessary to carry out the purposes of this act.
 - To prepare a list of religious holidays on which it shall be mandatory to excuse a pupil. The list, however, is to be a minimum list. Boards of Education, at their discretion, may add other days to the list for the schools of their districts.

The Board of Education has the right to add any bona fide religious holidays to the list for its own schools. Some parents might ask for an excused absence for their child on every day listed as a religious holiday for members of their faith, while others might request an excuse for only part of some of the days listed. Please note that there are times when the religious holidays of more than one faith will fall on the same day.

NOTE: Staff members should remain aware of the occurrence of excused religious holidays and should not schedule major examinations or special events (e.g., field trips, special presentations) on those days. Students who are customarily absent from school in observance of religious holidays should not be placed in the position of having to choose between following the family's religious customs and attendance at school for a scheduled examination or special event. Refer to the following website for a list of religious holidays for the 2018 - 2019 school year <https://www.nj.gov/education/docs/holidays1920.pdf>

ACADEMIC INTEGRITY

The South Plainfield High School community believes that academic integrity is essential to upholding a climate of honesty and fairness. It is paramount that we all maintain the highest standards of integrity and honesty for the creation of a fair and safe learning environment that supports intellectual growth and protects the credibility of our educational institution. Cheating and failing to adhere to our ethical standards undermines the integrity of the school community and the credibility of the individual student. As such, the entire South Plainfield High School community believes that academic integrity is the framework for upholding an academic environment based upon a foundation of honesty and fairness.

PLAGIARISM/CHEATING

Plagiarism consists of presenting the expressed thoughts, ideas, and writings of another person or source of one's own. Students should be aware that plagiarizing does not only include *copying verbatim* the words of an author or written source without proper documentation. It also involves *paraphrasing* the opinions and statements of others without giving due credit to the

source(s). Although instances of plagiarism most often occur in the writing of reports, articles, and research papers, using the ideas and words of another as one's own in speech (oral communication) is similarly dishonest. Teachers in the various academic disciplines will discuss the issue of plagiarism and the possible penalties for same with their class at the beginning of the school year.

We feel strongly that honesty and integrity are valuable qualities for all individuals. Plagiarism and cheating are forms of dishonesty and reveal a lack of integrity in the character of an individual. Therefore, we have established the following consequences for those who are involved in plagiarism or cheating on tests, homework assignments, projects, compositions, and the like.

Plagiarism is considered a form of stealing as well as of cheating; therefore, plagiarism is an unlawful act requiring disciplinary action. The penalty for plagiarism is a grade of zero on the particular assignment and the reporting of the incident to school administrator, the student's school counselor, and parents or guardians. A parental conference with school officials may also be required. Further penalties may also be enforced based on the situation.

Second and third offenses may result in additional consequences, such as denial of admittance, suspension or removal from any academic organization or extra-curricular activity.

COURSE EXPECTATIONS

Expectations and appropriate proficiency levels have been developed for all courses. A passing grade in a course is generally dependent upon:

1. Attendance in class;
2. Class participation;
3. Satisfactory completion of assignments according to given timelines;
4. Satisfactory completion of reports and projects as assigned;
5. Satisfactory test and exam grades.

More detailed information on proficiency levels for each course is available in the appropriate assistant principal's office.

The New Jersey Student Learning Standards require all students to "write a research paper that synthesizes and cites data." At South Plainfield High School, this requirement is fulfilled in English 4 classes.

COURSE SELECTION

The pre-scheduling process occurs each winter (usually January through May) for the following school year. Desired elective course selections/requests are not guaranteed and are based on availability. Students are provided with worksheets and tools ahead of time, so that they are ready to select/request their elective courses *online* during the assigned times in school. Parents are responsible for reviewing their student's course selections/requests via the parent portal on Genesis during designated times (dates provided during scheduling process). Course requests/selections and core course recommendations will be viewable online only. If a student wishes to take a course they were not recommended for (ex: Honors instead of Academic level), the student needs to see their counselor to request a "Consideration for Level Change" form (also available online on the SPHS Guidance Website). It is imperative that students make sure that the courses listed online (prior to the deadline -- usually during the first week of May) accurately reflect final choices. The course requests/selections listed after the deadline date are considered final and cannot be changed. Availability of elective courses cannot be guaranteed as they are based on class enrollments, frequency of offering, and fulfillment of student required courses/scheduling constraints. It is imperative that students and parents become familiar with the Program of Studies to make the best-informed course selections / requests.

No changes will be made to a student's schedule with the exception of the following:

1. Student was placed in the inappropriate course level
2. Student was placed in the wrong course due to a clerical error
3. Student is scheduled to retake a course with the same teacher

Students who are interested in "On-Line Courses" should discuss the possibilities with their Counselor. All or any "On-Line Courses" **must** receive prior approval from the Director of School Counseling and the High School Administration. **Courses that are taken without prior approval will not be accepted.**

Note: Course Selection changes may be requested, but not guaranteed, up until the posted deadline date--- usually the first week of May. Any changes to student Course Selection requests cannot be honored at any time after this date.

GRADING SYSTEM

Students shall be graded on the basis of their achievement in the program(s) approved by the board. All factors pertinent to achievement shall be considered when assigning grades.

- The numerical grading value will be the grade on the report card. The grading scale for report card grades shall be as follows:

Letter Grade Equivalent	Proficiency Rank	Numerical Grade Value
A+		97-100
A	Outstanding	93-96
A-		90-92
B+		87-89
B	Good	83-86
B-		80-82
C+		77-79
C	Satisfactory	73-76
C-		70-72
D	Poor	65-69
F	Unsatisfactory	0-64

- To pass a course a student must have a final grade average of “D” (65-69) or better for the year and meet the requirements of the attendance policy. Calculations are based on the four quarters plus a final exam.
Each Quarter – 22.5%
Final Exam – 10%
- Letter Grade Indicators
 - I Incomplete
 - WF Withdrew Failing
 - WP Withdrew Passing
 - S Satisfactory*
 - U Unsatisfactory*

*Grade reporting for Learning Skills and ESL students during first year in South Plainfield schools only.
- Final Exam
Exams are an important aspect of the educational program and provide an overview of the student’s level of mastery of the subject matter.

1. Every student grades 9 through 12 must take the final examination. The exam will count as one-tenth of the final grade.
2. Students will be exempt from taking the final examination at the end of the year provided:
 - a. They received a grade of 90 or higher(A) in all four quarters, and
 - b. Final exam grades for all exempt students will be computed as an average of the student's previous four quarter grades.
3. Students who are exempt from taking a final examination do not need to attend that particular exam. Any student who is exempt and does not attend the final should have a parent/guardian call that student out of school pursuant to regular absence procedures.
4. Students must be present at exam time. If student is not present for exam, the student will receive a "0" (zero). If student has extenuating circumstances for missing the exam, the student has 5 school days to bring in documentation that will allow student to make up exam.

HS ADD/DROP PROCESS

In an effort to eliminate confusion and conform to the procedures of other successful school systems it has been determined that a timeline and schedule window be established for the purpose of allowing students to drop a class, change a level and be informed of the procedures. Based on our research, the following appears to be the fairest process, providing the staff and students with a clear process.

Schedule changes will only occur for valid reasons such as the correction of a scheduling error, addition of credits required by seniors for graduation, an adjustment for summer school completion and addition of a required course. Student/Parent requests for a teacher change based merely on teacher personality or preferred teaching styles will not be honored. South Plainfield High School has an obligation to ensure equity in placement for all students based on their course needs.

The first step is a student must make an appointment with their school counselor if a student is considering dropping a course. A student requesting to drop a course from their schedule must submit a "*Scheduling Change Form*" to their counselor. The form must be completed fully. This includes the reason for requesting the change must be stated. The student will be responsible, not the counselor, nor the teachers, to acquire all of the signatures necessary to process a level change, including a parent/guardian, counselor, teacher and department chairperson/supervisor.

A student may drop a full-year course prior to the end of the first marking period, or prior to the end of the third marking period for a second semester course. If a student drops a course during the first or second schedule change window, no notation will be recorded on the permanent record. Dropping a course during the third schedule change window will result in a grade of "WP" or "WF" on the student's permanent record. Refer to the following chart for specific dates for the 2019-2020 school year.

Dates	Changes Permitted	Transcript Notation	Grade Calculation for 1 st Marking Period
<p align="center">9-9-19 To 9-20-19</p>	<p align="center">Change in Level Drop down only (No Moving Up) Or Drop Course Completely Electives can be changed <i>per availability</i></p>	<p align="center">None</p>	<ul style="list-style-type: none"> ● Grade = 100% from new course; ● Student must make up all missing work in new course, including summer assignments, by determined date. ● If Class dropped completely (without a level change)---no grade.
<p align="center">10-7-19 To 10-18-19</p>	<p align="center">Change in Level Drop down only (No Moving Up) Or Drop Course Completely No more Elective changes</p>	<p align="center">None</p>	<ul style="list-style-type: none"> ● Grade = 50% from original course and 50% from new course: This means that all grades from the previous course will be averaged together with all grades from the new course. ● For new class--Student is not responsible for any previous work. ● If Class dropped completely (without a level change)---no grade.
<p align="center">11-18-19 To 11-29-19 (End of MP#1)</p>	<p align="center">Change in Level Drop down only (No Moving Up) Or Drop Course Completely No more Elective changes</p>	<p align="center">None or “WP” or “WF”</p>	<ul style="list-style-type: none"> ● Grade = 100% from original course (no modifications due to change in level down at end of marking period—no transcript notation). ● If Class dropped completely (without a level change)---student receives a grade of “WP” or “WF”.

Students may not drop a course for a study hall when:

1. The course student wants to drop is a core academic necessary for graduation.
2. The drop would place them in a second study hall.
3. The drop would place them into a situation which may hinder requirements set forth in the credit guidelines for each grade level or for graduation purposes.

CLASS RANK

Class rank is based upon the student's total academic performance while attending high school. A weighted system is used for computing class rank. Class rank shall be determined on the basis of the scaled values earned in all subjects, grades 9-12.

VALEDICTORIAN/SALUTATORIAN REQUIREMENTS

The Board recognizes and appreciates the sacrifices made by its top students during their time at South Plainfield High School. It is felt that those students who spend their entire academic career at South Plainfield High School should be considered for the honor of being Valedictorian or Salutatorian of their graduating class. Therefore, to be eligible for these positions, a student must have four (4) consecutive years at South Plainfield High School.

Valedictorian and Salutatorian will be determined upon completion of the 3rd Marking Period of their Senior Year. The student who has the highest average after the 3rd Marking Period of their Senior Year is the Valedictorian; the student with the second highest average after the 3rd marking Period of their Senior Year is the Salutatorian.

The weighted grade algorithm is as follows: Advanced placement classes adds 1.5 to the earned grade, honors classes add 1.0 to the earned grade.

Examples: Student A earns an 85 in class, which equals $85 = 3.0$

Student B earns an 85 in an Honors class, which equals $85 = 3.0 + 1.0 = 4.0$

Student C earns an 85 in an AP class, which equals $85 = 3.0 + 1.5 = 4.5$

Class rank shall be computed at the end of the second, fourth, sixth and eighth semesters. Total quality points earned shall determine class rank and quality points shall be assigned as follows:

<u>Numerical Value</u>	<u>Scaled Value</u>	<u>Alpha Value</u>
93-100	4.00	A
90-92	3.67	A-
87-89	3.33	B+
83-86	3.00	B
80-82	2.67	B-
77-79	2.33	C+
73-76	2.00	C
70-72	1.67	C-
65-69	1.00	D
0-64	0.00	F

HONOR SOCIETIES

SPHS offers the opportunity for students to earn induction into various honor societies based on various criteria, including GPA, extracurricular activities and other criteria set forth by the individual honor society. Students can obtain information on the various honor societies through the appropriate assigned advisors.

NATIONAL HONOR SOCIETY

The National Honor Society has set forth standards of achievement and procedures to select those students of South Plainfield High School who best represent the qualities of scholarship, character, leadership, and service.

- **Criteria**

Students are to be selected for membership in the National Honor Society on the basis of the four criteria of scholarship, character, leadership, and service. The following definitions and selection criteria will be used as the basis of election.

 - A. Scholarship is a distinguishing feature or trait to an individual, which is indicated by academic achievement. Students must have a minimum cumulative grade point average as determined by the NHS advisors for grades 9 through 12 to be eligible as per the National Honor Society Handbook. (GPA based on 4.00 Point Scale)
 - B. Character is a distinguishing feature or trait of an individual, which is indicative of mature, responsible behavior. Character is demonstrated by:
 - a. Honesty
 - b. Responsibility for completion of obligations
 - c. Considerate behavior towards others
 - d. Appropriate conduct without major or repeated disciplinary infractions
 - e. Regular school attendance without excessive or unwarranted absence or tardiness
 - f. A student must achieve an average of 4 or above, based on the 1 through 5 rating system with the established criteria as listed.
 - C. Leadership is a distinguishing feature or trait of an individual that is demonstrated by the ability to influence others toward positive goals. Leadership is demonstrated by:
 - a. Holding a school or community position of responsibility, school office or committee chairmanship and efficiently performing the duties and influencing others by promoting constructive activities within the classroom, the school and the community.
 - D. Each candidate will compile a data sheet listing evidence of leadership in school and in the community.
 - E. Service is demonstrated by one's substantial involvement in school and community clubs or activities.

Each candidate will be given a form to complete on which he/she will detail his/her activities in grades 9 through 11. From this activity list, an evaluation form will be submitted to all faculty members who advise, coach or direct special activities for judging and comments. Any student who deliberately falsifies any material on his/her activity sheet will be disqualified. These data sheets will be compiled by the advisors for submission to the faculty council.

- Faculty Council
 - A. The faculty council shall consist of five voting faculty members appointed annually by the principal. No principal may be included on the faculty council. The chapter advisor shall be ex-officio, non-voting, sixth and seventh members of the faculty council.
 - B. All data concerning student's scholarship, leadership, service, and character will be submitted to the faculty council. The council will select new members and will be responsible for dismissing, when necessary, any member who cannot uphold the requirements for membership. The council will act in a screening capacity.
 - C. Membership on the council should reflect a cross section of academics and extracurricular activities.

PHYSICAL EDUCATION REQUIREMENTS

Physical education and health are required subjects in the State of New Jersey and all students must successfully complete four years in order to graduate. The Physical Education Program provides two days of cardiovascular conditioning and three days of selected sports and activities each week. Students must actively participate in physical education every day in order to be successful. The following guidelines will assist students in this endeavor:

1. Students must change from school clothes to appropriate clothes for Physical Education. They may wear shorts, sweatpants, sweatshirt, T shirt, and sneakers. The T shirt must hang over the waist. Students are NOT permitted to wear Sleeveless shirts, tank tops, jeans, or shorts deemed inappropriate for class.
2. If a student does not dress for class, or is not dressed appropriately, they will receive an unprepared for the day, each unprepared a student receives will result in 10 points taken off his final grade. Any student who accumulates four, or more, unprepared in a Marking Period, will fail Physical education that Marking Period. If a student accumulates 12, or more, unprepared for the year, they will fail Physical Education for the year. **EXAMPLE,** A student with a grade of 90 who has been unprepared 2 times, his/her Final grade would be a 70, 10 points off for each unprepared.
3. The Physical Education program consists of 6, 4 and ½ week cycles (approximately 20 to 24 days). Their Physical Education grade will be based on 3 Marking Periods, the other M.P. students will participate in Health class. Grade 10 will have Driver's Education, and grade 11 will have First Aid/CPR, and upon completion, will receive a CPR cert card. Health and Physical Education are separate grades and are not averaged together.
4. Each student is assigned a locker beginning freshman year and are expected to use that locker until they graduate or leave the district. Students must supply their own locks. Combination locks work best because there are no keys to lose or misplace.
5. Students are not allowed to share lockers or change their locker without permission.
6. Use of aerosol sprays is prohibited in the locker rooms and will be taken if discovered.

7. Phones, ear buds, or any other electronic devices are not allowed in the gym during class. NO warnings will be issued for the use of such equipment, and the student using it will be given a “0” for participation that day

GYM EXCUSES

A student with a doctor’s note must first have the physical education teacher initial the note and then bring it to the health office. Do not leave the note with the physical education teacher.

A written note from a doctor is required to excuse a student from physical education classes. The doctor may recommend activities in which the student can participate. Every effort will be made to fulfill the doctor’s recommendation. Notes must be received prior to or during the period of time that the student is excused. If the doctor’s note reads “until further notice,” an additional note will be needed for re-entry into class activity, and the note will be needed to validate an extended excuse.

The medical note should include the reason the student is out of gym. “Personal” will be accepted for certain reasons. Notes from chiropractors MUST state the problem.

WRITTEN WORK REQUIRED WHEN MEDICALLY EXCUSED

Students who are medically excused from physical education for more than five consecutive school days are required to complete written work in order to gain credit. All written work will be evaluated, and students will earn a grade for each week that they are medically excused. Students who fail to complete the weekly written assignment will receive an “F” in physical education for that time period. One written assignment is required for each five school days that a student is medically excused. All grades earned while a student is medically excused will be included in determining the quarter grade in physical education.

DRIVER EDUCATION

South Plainfield High School provides driver education theory for one quarter to all sophomores. “Behind the Wheel Training” may be arranged through the Adult Education Program. For further information, contact (908) 754-4620 Ext. 8271.

SECTION 5 ATTENDANCE

SCHOOL ATTENDANCE

School attendance is a basic responsibility of the student and his/her parent/guardian(s). While absences are excused and unexcused for verification purposes, it does not exempt the student from academic and/or behavioral consequences. Students are required to be in school every day school is in session.

Regular attendance is fundamental to the academic achievement of students in high schools. South Plainfield High School places a high value on student attendance and requires high standards for its students. Attendance is required of all students enrolled during the days and hours that the high school is in session. It is expected that each student is in full attendance in all classes and reports to all classes on time.

REQUIRED PROCEDURES IN REGARD TO STUDENT ABSENCE

1. If a student is absent from school, the parent or guardian is expected to call the secretary in the attendance office (Ext. 1602). If the student's absence is likely to be prolonged, the school's nurse should be notified of this fact.
2. The school will require notes of verification from a medical physician following any and all absences due to illness including occasions when students are sent home from school by the nurse. **Notes must be received on the day the student returns to school.** The note must contain the reason for the absence, the date(s) of absence, and the signature of the medical physician. Doctors notes will not be accepted more than 2 days after the student's return to school
3. The student is responsible for submitting the note of verification to the attendance office on the day that he/she returns to school. All notes will be examined by the appropriate administrator during an attendance appeal if necessary. Every two days late will be counted as one day absent and will also be calculated as a chargeable absence for overall attendance.

ABSENCE FROM SCHOOL

All student absences are recorded as either **CHARGEABLE** or **EXEMPT**. **ALL** absences, except those that are **exempt** as set forth below, are classified as "**chargeable**" absences from class. These chargeable absences are applied towards the maximum number of chargeable absences that a student may have for a course.

A student may not exceed a total of **EIGHTEEN (18)** chargeable absences for a full-year course, **nine (9)** chargeable absences for a semester course, or **four (4)** chargeable absences for a marking period course.

Exempt Absences (Absences that do NOT count towards the 18-day limit)

Absences that are exempt (not chargeable) based on the Attendance Policy include the following:

1. Suspension from school;
2. Field Trips which are either out of school or in-house field trips as approved by the administration;
3. Post-Secondary School Visits – students are allowed two (2) days in the eleventh (11th) grade and two (2) days in the twelfth (12th) grade for post-secondary school visits. Written verification from the institution is required. The verification must include the dates of visits and must be signed by the appropriate school official;
4. Personal Observance of Recognized Religious Holiday(s) as published by the New Jersey Department of Education;
5. Death in the immediate family which includes a parent or guardian, sibling, grandparent, or other family members at the discretion of administration, up to three (3) days;
6. Home Instruction;
7. Administrative excuse with required documentation, which includes, but is not limited to, the following:
 - a. Chronic illness with written verification from a physician, which should be registered in the nurse's office (with a copy to the attendance office) by September 15th of the academic year or within three weeks of the diagnosis. In the event that verification of a chronic illness is not provided within the time limits set forth above, it must be provided promptly after the first absence caused by the chronic illness;
 - b. Court appearance with written documentation from the court;
 - c. Driver's test with appointment card presented to the administration;
 - d. Required college orientation. Written verification from the institution is required. The verification must include the dates of visits and must be signed by the appropriate school official.

Chargeable Absences (Absences that DO count towards the 18-day limit):

1. **All non-exempt absences are considered CHARGEABLE, including** absences due to illness with doctor's note, notes, phone calls or emails from parent/guardian for illness or other absence.
2. Every two days late will be counted as one day absent and will be calculated as a chargeable absence for overall attendance.

IMPORTANT INFORMATION CONCERNING ABSENCES

1. If an absence other than illness (state-approved religious holiday, family emergency, etc.) is anticipated, proper documentation should be submitted to the Attendance Office prior to the anticipated absence.
2. **Students must be present a minimum of four (4) hours of instructional time** (not including lunch) **to participate in any co-curricular activities**, including athletics and evening events, on that day. A student wishing to participate in weekend and/or recess events must be in school on Friday, or the last day prior to the recess, unless prior approval is provided by administration or their designee.
3. Students are responsible for consulting with their teachers to make up the work missed during an absence.
4. **PROM TIME:** Students are expected to attend classes whenever school is open, including the days preceding and following proms. Prom will not serve as a valid excuse to miss school, and **NO ATTENDANCE WAIVERS will be granted for students missing school due to plans before or after prom. The South Plainfield schools do not sponsor and are not responsible for any event before or after prom.**

ARRIVAL AT SCHOOL

The official start of each school day is 8:05 AM. All students are required to be in their assigned homeroom for attendance, other school-related matters and instruction. Any student arriving after 8:05 AM must scan in at the kiosk scanner. Failure to do so will result in the appropriate disciplinary action. Students arriving late to school will automatically be assigned a central office (PM) detention for that afternoon or the following day.

Students arriving to school prior to 7:55AM are required to:

- Have a teacher pass verifying their need to report to a specific teacher and/or classroom; or
- Remain outside of the building at exits 1 and 10 until the entry bell is sounded. On days when inclement weather exists, students are permitted to wait in the vestibules at entrances 1 or 10. Students with 7:11 AM classes must enter the building through the center doors on the parking lot side (exit 10). Unauthorized presence in the building is strictly prohibited and is subject to suspension and or other disciplinary action.

TARDY POLICY

The orderly conduct of class activity is predicated upon the prompt and precise beginning of each class period. Lateness (tardy) to class hinders the proper conduct of such activity, imposes a distraction which leads to loss of instructional time for other students, and represents school time loss for the student.

Rules and procedures governing student lateness to school (tardiness) include:

- On the day of a late arrival to school, the student must present to the Main Office a note signed by the parent/guardian explaining the reason for the tardiness along with any required verification of appointment or required court appearance.
- Students receiving a “lateness to school” slip will automatically be assigned an office detention to be served on the day of his/her late arrival to school or the day after.
- Every two (2) lates to first period one will equal one (1) day absent from a student’s period one class. (Ex. Ten (10) lates equal five absences; twenty lates equal ten absences; thirty lates equal fifteen absences from class). These absences will count as Chargeable Absences toward the 18-day limit).
- All extenuating circumstances should be reported to the main office immediately.
- Students who participate in extracurricular activities must arrive to school no later than 10:00 A.M. to be eligible for participation that day. Any student who arrives to school after 10:00 A.M. will not be able to participate in the scheduled event on the day the student is tardy.

EARLY RELEASE FROM SCHOOL

The school recognizes the following situations, which create a legitimate need for release time from school during normal school hours:

- Verified appointment with a physician/dentist that cannot be scheduled during non-school hours.
- Driver’s test with verification of appointment
- Death in the family
- Family emergency
- Interview for employment or college entrance (but not for a college visitation)
- Required court appearance/legal obligation with verification
- Religious holidays on the list issued by the State Board of Education
- Other reasons approved by the building principal or designee

Note: In all cases of early release, students must have their parents come into the Main Office to pick up their child. Parents/guardians may be required to present ID when signing students out. These requirements are subject to the discretion of high school administration. More than four

sign-outs per year are viewed as excessive. These issues will be addressed by the appropriate administrator with the student and his/her parent/guardian.

With the exception of release times from school for a State-approved religious holiday or for a verifiable, required court/legal appearance, all other reasons for an early release from school are Chargeable Absences from the class periods missed.

Procedures governing approved release of students during school time:

- In cases of a request for release time during school hours, a note from home is necessary. The note from the parent **must** be presented to the attendance secretary before school starts. The note must be verified in person or by telephone before the student will be allowed to leave. A telephone number where a parent may be reached must be provided on the note.
- The building nurse **must** first clear students leaving school early because of illness. The nurse or school administrator prior to the release of the student must make contact with the parent/guardian from the school.
- Permission to leave school early in cases of emergency must be obtained from an administrator. He/she will verify the circumstances of the emergency and the arrangements for the release of the student.
- All students leaving school early will be dismissed from the Main Office and their parents must come into the Main Office to pick them up. However, the requirement of the parent to come into the building is subject to the discretion of the administration.

LATENESS TO CLASS

- Students who are late (tardy) to class because they have been detained by another teacher or an administrator will be given a completed and signed pass. With such an authorized late pass, the student will not be marked late (tardy) to class.
- First and second occurrences of unauthorized lateness (tardiness) to any class will result in teacher detention.
- A third or more unauthorized lateness (tardiness) will result in a teacher detention and the teacher's submittal of a disciplinary referral and notice and hearing with administration.

HALL PASSES

Any student in the corridors during class periods must be in possession of a hall pass issued to that student only and signed by the classroom teacher.

The teacher to whose area the student is scheduled is the teacher with the authority to grant or deny the pass privilege. Passes from the Main Office, School Counseling Office, Attendance Office or Nurse's Office will be honored, except if students are being tested or for other good cause. If a student is called to an office over the PA, the teacher will immediately issue a hall pass unless a delay is necessary due to reasonable cause.

Teachers do not have the authority to excuse a student who is scheduled to be in attendance in another class or to issue passes permitting a student to attend another class without the prior approval of the student's scheduled teacher.

All students are scheduled to be in an assigned area every period of the school day. Any student not present in an assigned class must, therefore, have a pass.

If it is necessary for a student to leave a classroom for any reason, the student **must** secure a hall pass from the teacher before leaving.

- A student desiring to go to a classroom from study hall must present a prearranged pass to the study hall teacher. The pass will not be initiated by the study hall teacher. The teacher issuing the pass is responsible for the student's attendance for that period.
- No teacher has the authority to keep a student out of another teacher's class. If a request is made by a teacher, the class teacher to whom the student is assigned has the right to deny the request.
- A hall pass is a "one time only" pass. Passes are not to be written for the month or the week, etc.
- No student should be allowed to remain in a class area if not assigned to that class without a pass from the teacher to which the student is assigned.
- When issuing a hall pass, place only one student's name on a pass. Fill out the pass completely. Be sure to put the time on the pass that the student is leaving the area.
- Students must show their hall pass to any school authority who may ask for it while out of the classroom.

CHANGING CLASSES

Students will be allowed four minutes to change classes. This is sufficient time for a student to get to any part of the school building. During the changing of classes, students are expected to walk and to be courteous not only to staff members but also to other students. Students are asked to please keep to the right at all times and are reminded that running is not permitted. When arriving at the next period class, students should enter promptly. Congregating around the door of the room slows traffic in the halls and makes it difficult for students having long distances between classes to be on time. Students who arrive after the late bell, who are not in possession of a pass, are tardy.

EARLY RELEASE FROM CLASS

A student on crutches or with any injury, which impedes his/her ability to move with the general student population, will have access to the elevator and/or early release from each class. The school nurse is responsible for approving these criteria.

MAKE-UP WORK

Students are provided an opportunity to complete assignments missed because of their absences and approved release time, as detailed above. However, a student can only fully and completely experience the learning activity by attending class.

Rules governing make-up work include:

- The time allowed to make up work missed is equal to the amount of time a student is absent. However, the make-up period is not to exceed more than ten (10) school days or extend more than ten (10) school days after the end of a quarter without the permission of an administrator. Responsibility to make up work rests with the student and not the classroom teacher.
- Students may complete assignments for time missed because of actions initiated by the authorities of the school (i.e.; suspension, exclusion, etc.) within the time period stipulated above.
- This provision relates to absences/release time from school and not to loss of course credit situations.

CUTTING CLASS

A student who is physically present in school or on school grounds at any time of the day (regardless of attendance sign-in) and who has missed 22 minutes or more of a class without approval from the assigned teacher shall be deemed as cutting that class.

- An unauthorized absence from class will result in a grade of zero in all classes missed. Work cannot be made up. In addition, the following will occur:
 - **First cut:** Teacher/student contact; student/counselor contact; administrator/parent contact; warning letter; required ISS.
 - **Second cut:** Teacher/student contact; student/counselor contact; administrator/parent contact; warning letter; required ISS.
 - **Third cut:** Teacher/student contact; parent contact; result in loss of credit for course; mandatory attendance appeal; required ISS. Students removed from classes **MAY NOT** make up those courses in any summer school.
- Any student dropped from a course because of a third cut during the last eighteen (18) days of the class will be allowed to attend an approved summer school in order to obtain full credit for that course. A student removed prior to the last eighteen (18) days of the class only has the option of repeating the course in the following school year, unless approved by the building principal or his/her designee.
- Students who leave school during their lunch period and do not return to class(es) will be considered as cutting those classes missed, unless the school is properly notified by an immediate telephone call from the parent/guardian requesting that the student be recorded as absent for the classes he or she does not attend. This absence will be included in the eighteen (18) absence limit, and a signed note from the parent explaining the reason for the absence must be submitted by the student on the day of return.

TRUANCY

Any student absent from school without the knowledge and consent of a parent/guardian or present in a public place or on the public street unaccompanied by a parent/guardian during school hours will be considered truant. Any student who is marked truant will be considered to have cut periods 1 through 10.

Procedures for dealing with truant students:

1st and 2nd offense

- Phone and written notification to parent by the attendance officer and/or building administrator
- Counseling by school counselor
- Assignment of ISS

3rd offense

- Phone and written notification to parent by school principal or his/her designee of loss of course credit
- Loss of credit for class(es) and a mandatory appeal filed. Students removed from class(es) MAY NOT make up these courses in any summer school unless approved by the building principal or his/her designee.
- Assignment of ISS.

Repeated truancy may result in charges of truancy being brought before the local court if the student is under the age of sixteen (16). If the student is sixteen (16) or over the age of sixteen (16) and continues a practice of truancy, he/she may be removed from school rolls.

ATTENDANCE POLICY REGULATIONS AND PROCEDURES

LIMITS ON STUDENT ABSENCES

Although it is understood that reasons do exist for absences, even when excessive, they will interfere with the student's success in school. Therefore, S.P.H.S. has placed a limit on student absences in order for successful completion of course work to take place. **Non-Exempt (Chargeable) absences exceeding EIGHTEEN (18) class periods will result in loss of credit for the course.** All absences are considered unexcused, even with documentation. A school administrator will hear the appeal for absences beyond eighteen days.

ATTENDANCE APPEAL PROCEDURE

1. A written petition must be presented to the appropriate assistant principal by the student or parent/guardian no later than **Ten (10)** school days after receipt of notification of non-credit status or notification of maximum tardies. Upon issuance of such notices, the student's counselor shall advise the student of his/her appeal rights noting the date limitations and time. The counselor will serve as the advisor to the student throughout the appeal process.
 - a. Appeal petitions are located in the Guidance Office.
 - b. It is the student's responsibility to obtain copies of all absences on file in the Main Office.
2. Students should complete the "Request for Copies of Absences form" and submit it to the Main Office. The assistant principal will review the petition with the school counselor and student. The petition may be upheld or denied depending upon the circumstances. An appeal request may be denied conditionally; i.e., Student behavior/attendance contract, parental agreement, etc. Notification of the appeal status will be sent to the parent, to the school counselor, the attendance secretary, and the principal.
3. If the parent/guardian desires to appeal the decision of the assistant principal, he/she may make an appointment with the building principal for further consideration writing within seven (7) days of receipt of the decision from the assistant principal.
4. Appeals to the superintendent relating to the decision of the principal must be made in writing within seven (7) days of receipt of the decision from the principal. The superintendent of schools will respond to the written appeal within seven (7) school days.
5. Appeals to the Board of Education relating to the decision of the superintendent of schools must be made in writing within ten (10) school days of receipt of the Superintendent's decision. The Board of Education will respond within ten (10) days or as soon thereafter as possible, except in cases involving graduation requirements when an emergency session will be called.
6. Board of Education decisions may be appealed to the Commissioners of Education.
7. Appeals which develop during the last quarter and which involve graduation requirements may be appealed directly to the school principal, who will respond in

sufficient time to allow for further appeal to the Superintendent and the Board prior to graduation day.

SCHOOL ATTENDANCE INTERVENTIONS

Counseling in cases of excessive absences, cutting class, and/or truancy shall be provided to the student by various school personnel, including administrators, teachers, school counselors, student assistance counselors, athletic director, athletic coaches, and activity advisors. The need for regular and consistent attendance shall be a topic discussed with all students at their first assembly program each school year and with their assigned school counselor.

Further, all student performance contracts for participation in extra/co-curricular activities, including athletic teams, shall require regular and consistent attendance. Parental contact concerning student absences will be sent by the Attendance Office upon accumulation of the following number of absences:

- **5th absence**
- **9th absence**
- **15th absence**
- **18th absence**
- **19th absence**

A letter from the school's attendance office will be mailed home to parents/guardian(s) on the specific absences noted above.

LOSS OF COURSE CREDIT

Students will not receive the assigned credit for an enrolled course and must file an attendance appeal if they amass unexcused/unauthorized absences as follows:

- Nineteen (19) school days of a school year course
- Ten (10) school days of a semester course
- Fourteen (14) meetings of a physical education class
- Five (5) meetings of a grade 9, 10, 11 or 12 health education class
- Three (3) acts of cutting any one particular class
- Three (3) acts of truancy for the whole or part of the school day
- Exceptions may be made by administrative discretion.

NON-CREDIT STATUS: REQUIRED COMPLETION OF COURSES

The school maintains a consistent obligation to require students to be present in school in order that they may be taught. The non-credit status is a temporary condition predicated upon the attendance performance of the student.

Student attendance is a definite part of each course requirement. Students missing nineteen (19), but no more than thirty (30) school days, and who remain in class throughout the regular school year, may complete the course requirements in an approved, accredited summer school.

In order to gain credit for the course, the student must do one of the following:

- Repeat the course during a subsequent school year.
- Repeat the course at an accredited summer school. The student pays the tuition fees, if required.

WITHDRAWAL FROM COURSE

Students with non-credit status who subsequently withdraw from class will have a “Withdrawal Passing” (WP) or “Withdrawal Failure” (WF) recorded on their permanent records. Subjects from which a student has withdrawn cannot be made up in a remedial summer school program, unless approved by the building principal or his/her designee.

SECTION 6 SERVICES

SCHOOL COUNSELING DEPARTMENT

Services provided for students are connected to a comprehensive counseling model that focuses on the needs of students in three areas of development: academic, career, and personal/social. These areas are inter-related and cannot be addressed in isolation. Comprehensive, developmental counseling services are designed for all students.

High School counselors provide direct counseling services to students individually and in small group settings; support services to parents; provide consultation services to teachers; facilitate referrals to community support services; advise students on academic planning; provide career guidance to students; provide career information to parents; maintain an up-to-date library of career and post-secondary school information; and network with post-secondary schools.

High school years are full of excitement, frustration, disappointment, and hope. It is a time students begin to discover what the future holds for them. With a comprehensive developmental counseling program, students can receive accurate information, concrete experiences, and successful planning to take the steps necessary to become a productive and contributing member of society. Together, professional school counselors, parents, and the community can provide the most effective support for young people.

In addition, the School Counseling Office maintains a permanent record for each student. These records are confidential. Parents/guardians have the right to review these records upon request.

Appointments may be made by calling 754-4620, Ext. 1632 or by coming to the Guidance Office and requesting a counseling appointment. Every attempt will be made to see the student the day following the request. If an emergency exists, every effort will be made to arrange an appointment with the counselor as soon as possible. Parents are encouraged to confer with counselors in person or by telephone. Parents may arrange a meeting by calling the office at the above number.

STUDENT ASSISTANCE COUNSELOR

The student assistance counselor is available every day to help students in crisis. The counselor will meet with students at their request, to listen, counsel, and/or advise, depending on the expressed needs of the student. Confidentiality of the student is respected.

INTERVENTION AND REFERRAL COMMITTEE

When disciplinary actions and the efforts of administrators, teachers, and counselors prove ineffective in helping a student who continually demonstrates severe academic deficiencies

and/or behavioral problems, the student is referred to the I & RS Committee. The I & RS Committee will develop a specialized program using a variety of methods to further assist the student in developing the skills necessary to improve academically and display acceptable behavior.

CONFLICT RESOLUTION PROGRAM

This program is designed to help students resolve conflicts and differences in a peaceful, non-confrontational way with the help of counselors. Students and parents may request assistance with student issues by contacting their child's counselor or an administrator.

TUTORING

Classroom teachers are available for extra help before and after school. The student must schedule time with the individual teacher. Students may also request tutorial services from members of the National Honor Society. Further information may be obtained from the National Honor Society advisor.

STUDENT INTERNET ACCEPTABLE USE POLICY

All students are required to sign a Student Internet Acceptable Use Agreement prior to being permitted to log on and have access to the Internet on school computers. A parental signature is also required on the form. Each student will be issued his/her own individual password to be used on school-based computers. Passwords are confidential.

HEALTH SERVICES

MEDICAL INFORMATION, RULES AND REGULATIONS

The school nurse is available to assist students with health problems, illnesses, or injuries. Any student who becomes ill during school hours should report to the area teacher for a pass to the Health Office.

Medication cannot be administered to a student by the school nurse without written doctor's orders and a note from the parent.

EMERGENCY CARDS

Cards with emergency telephone numbers recorded **must** be completed on the Parent Portal by the end of the first week of school. Parents are responsible for notifying the school of address, home, and work number changes.

PHYSICAL EXAMINATIONS

Physicals are to be completed by students in grade 11 and all new students by the student's private physician at the student's expense. A note from a physician stating that the student is in good health must be on file in the Health Office by *December 1st* of the current school year.

TEST AND PROGRAMS

VISION TESTS, HEIGHTS AND WEIGHTS will be done on all students. HEARING TESTS will be done on all students in the 10th grade. All students in grades 9 & 11 are required by State law to have SCOLIOSIS SCREENING during the school year.

USE OF MEDICATIONS

Diagnosis and treatment of an illness and prescribing of drugs and medications are not the responsibility of the school. Medication given to a student during school hours will be permitted only when failure to take such medicine would jeopardize the health of the student. The school nurse will administer medication to a student who requires such medication during the school day.

Medication shall be administered in accordance with the following guidelines:

Pupils requiring medications at school must have a written statement from the family physician showing the type, dosage, and purpose of the medication. A written statement must be provided by the parents/guardian(s) giving permission to give such medication prescribed by the family physician.

BATHROOM

The bathroom in the health office is for patients **ONLY**. It is not for general use.

PARENTS/GUARDIANS VACATION NOTIFICATION

Parents/guardians planning to go on vacation should send a note to the nurse containing the name and phone number of the person to be called in case of an emergency, as well as the length of time that the designated individual will be in charge of the students.

SECTION 7 CLUBS, ACTIVITIES AND ATHLETICS

CO-CURRICULAR PROGRAMS

INTRODUCTION

A variety of clubs and activities are available to students throughout their high school career. Students are encouraged to explore and take advantage of these co-curricular activities.

CO-CURRICULAR DISTRICT POLICY

Co-curricular activities are those activities, which are sponsored and/or approved by the Board but are not offered as credit toward graduation. Such activities shall ordinarily be conducted wholly or partly outside the regular school day and are available to all students who voluntarily elect to participate. Membership to all school organizations, clubs, programs, and activities is open to all students in good standing. The Board must approve all co-curricular activities in order to be considered under its sponsorship.

Co-curricular programs are maintained by the Board, but students shall assume the costs of travel and attendance to co-curricular events and trips.

The Board believes that the goals and objectives of this district are best achieved by the diversity of learning experiences, but that the primary purpose of public education is academic achievement. Therefore, students are required to maintain the following standards in order to be eligible for participation in all co-curricular activities.

CO-CURRICULAR ELIGIBILITY POLICY

The Board of Education requires that a student meet the following criteria for Co-curricular eligibility:

- Eligible, if the student has passing grades of “D” or higher in all courses

<u>School Year 2019 - 2020</u>	<u>Completed Course Credits</u>
Sophomores	30 credits
Juniors	60 credits
Seniors	85 credits

- Additional NJSIAA standards establish that a student is eligible to participate in interscholastic athletics:

- For seniors, juniors and sophomores, the first semester if the student has passed the equivalent of six courses or 30 credits from the previous school year.
- For seniors, juniors, sophomores, and freshmen the second semester if the student has received 15 credits from quarter 1 & 2 of the current year.

S.P.H.S. LEADERSHIP STANDARD

File Code: 5131 R-1 CONDUCT/DISCIPLINE PARTICIPATION IN SPORTS AND EXTRA CURRICULAR ACTIVITIES

The Board of Education recognizes that the problem of appropriate conduct at school functions and activities presents a continuing challenge in its schools. The district's commitment to maintaining athletics and co-curricular based on appropriate student conduct requires a clear policy.

Participation in athletics and co-curricular activities is a privilege. Pupil participants, by virtue of their voluntary decision to participate in these co-curricular and athletic activities, and because of their position as school leaders and role models in the school community, have a heightened responsibility to conduct themselves in an appropriate manner. The district is committed to being proactive in ensuring the safety of all pupils participating in athletics and co-curricular activities.

This policy shall apply to all South Plainfield School District students in grades 6-12 who participate in any athletics and co-curricular activities.

All students are required to sign a code of conduct form that will be retained by the Director of Athletics. Although this document indicates that failure to abide by the code can result in suspension or removal from the team, the following guidelines are instituted in concert with this form. *

1. Student suspension – If a student is suspended for five (5) or more days during any season on a cumulative basis that will constitute automatic removal from the team during that season.
2. In a subsequent sport season that year, if a student receives any suspension they will automatically be removed from that sport for the remainder of the season.
3. For clubs and activities, the same five (5) day cumulative suspension guideline will be in effect.

*All decisions are subject to Administrative discretion.

All Students participating in any athletic program must fill out and comply with the Code of Conduct located at: [SP Athletic Contract](#)

RANDOM DRUG TESTING (Date Adopted: March 21, 2007)

The Board of Education recognizes that the problem of illegal substance abuse presents a continuing challenge in its schools and a clear danger to the pupil population as a whole. The district's commitment to maintaining extra-curricular, co-curricular activities and those holding school parking permits in a safe and secure environment requires a clear policy and supportive programs relating to the deterrence of substance use by pupils involved in any such activities.

The Random Drug Testing policy shall apply to all South Plainfield School District students in grades 9-12 who participate in any extra-curricular and/or co-curricular activities, or who hold a permit to park on school property. This policy shall also apply to all South Plainfield School District students in grades 9-12 who voluntarily elect to participate in the program with parental consent.

SECTION 8 DISCIPLINE

DISCIPLINARY POLICIES AND PROCEDURES

The right to an education brings with it the responsibility to comply with the rules that have been established by the law for the governance of schools (Title 18A). Students are required to submit to the authority of the teachers and other school personnel in authority over them. All students must obey rules and regulations and are held accountable for attendance and conduct in school.

While implementing the discipline policy is the basic responsibility of the administration, every teacher, coach, and staff member, along with the student body, is involved in maintaining a positive learning environment at all times.

DISCIPLINARY CONSEQUENCES

There are six primary measures used to enforce the discipline policies. Transportation to and from detentions is the sole responsibility of students and their parents/guardians. The following disciplinary consequences are not necessarily intended to be progressive in nature, and the severity of the consequence may be determined on a case-by-case basis at the discretion of the Principal or other designated administrator.

- **Teacher Detention** – Before or after school time is assigned to students and monitored by individual teachers for up to one hour. Failure to attend teacher detention will result in the assignment of a central office detention by the administrator in charge. The student is required to attend the central office detention assigned by the administrator, **as well as** make up the originally assigned teacher’s detention. Failure to comply will result in escalating disciplinary consequences.
- **Office Detention (PM)** – After school detention is assigned to students by the administration, for approximately thirty minutes. Assistant principals may assign office detention for a variety of disciplinary infractions. Students are to report to the detention room no 2:25 PM after school, where they will be monitored by the detention teacher. Failure to report to office detention will result in further disciplinary reprimands.
- **Lunch Detention:** During student’s assigned lunch period, students shall be required to eat his/her lunch in the ISS Room.
- **ISS — In School Suspension.** Students are assigned to the ISS program for specified periods of the day or all of the school day. Instead of attending regular classes, students are to report directly to the ISS room where schoolwork will be provided. Parents are notified through written and verbal communication as to the reason their child has been placed in ISS. Students on work programs will attend in-school suspension for the entire day. Absenteeism on a day in which ISS was assigned will result in ISS being reassigned for the next available date. Any student who does not cooperate or is disruptive while in ISS may be assigned an

additional day of ISS or OSS. **Students assigned to ISS are not eligible to participate in any school activities scheduled during the day, after school, in the evenings, or on weekends, depending upon the day(s) suspended.** This regulation includes exclusion from sports, social events, rehearsals, and practices.

- **Out of School Suspension** – Students are not permitted on school grounds during the entire length of their suspension and will be considered trespassing if they do so. Students are not eligible to participate in ANY school function while in suspension. This is considered trespassing. **Students assigned to Out-of-School suspension are not eligible to participate in any school activities scheduled during the day, after school, in the evenings, or on weekends, depending upon the day(s) suspended.** This regulation includes exclusion from sports, social events, rehearsals, and practices. Cooperative Education work-study students are not permitted to participate in the work portion of the program while suspended or absent from school. All students who are suspended from school may be required to participate in a conference with their parent or guardian upon their return.
- **Alternative Placement**
 - Alternative Placement is defined by the permanent exclusion of a student from the schools of this district and the reassignment of that student to another school setting. This determination is made by the Board of Education

Anyone removed from Office and Lunch Detention, AM Detention, or ISS for misconduct will be required to serve the original disciplinary reprimand upon return to school in addition to additional consequences.

DISCIPLINARY ACTION APPEAL PROCEDURE

The Board recognizes that students possess the constitutional right to procedural due process. Specific steps for appeals resulting from disciplinary action are listed below. In accordance with the policy of the Board, the following procedures are provided for student appeals in the event of a complaint or grievance of disciplinary actions:

I. COMPLAINT OR GRIEVANCE

- a. The student, parent, or group of students shall make an informal complaint to the teacher or administrator who initially assigned the disciplinary action, or school counselor, individually or through a group representative.
- b. If the problem is not adequately resolved through the above informal process, a written complaint shall be made to the principal, approved by the parents(s) or guardians(s) of a minor child (children), which shall set forth:
 - i. The specific nature of the grievance and a brief statement of the facts giving rise to it.
 - ii. The manner in which and the extent to which the student believed he has been adversely affected.
 - iii. The relief sought by the student.
 - iv. The reasons why the student feels entitled to the relief sought.
 - v. Whether or not, in the opinion of the student, other students were similarly adversely affected, and, if so, the name of the group(s) of students. The principal shall then attempt to solve the complaint through conferences with students, parents, teachers, and other involved parties.
- c. If the written complaint to the principal does not result in a mutually satisfactory resolution of the problem within ten (10) school days, a written complaint may be made to the assistant superintendent. The assistant superintendent shall attempt to resolve the problem by investigating the situation, holding conferences with the parties involved, or conducting an informal meeting. The assistant superintendent shall provide a written reply within five (5) days following the completion of hearings which shall be final.
- d. If the written complaint to the assistant superintendent does not result in a mutually satisfactory resolution of the problem, an appeal may be made to the Board of Education through submission of a written appeal to the Board Secretary within ten (10) school days of a receipt of the assistant superintendent's reply.
- e. The Board or a committee thereof shall hear such appeals within two weeks of receipt of the request by the Board Secretary and shall render a decision in writing within thirty (30) days thereafter. At each step beyond the first, the school authority hearing the grievance may, at his/her discretion, call in the student's parent/guardian provided that the student is not 18 years of age or older. The student, if a minor child, shall conduct his/her grievance procedure with the help of his/her parent/guardian at all steps.

III. Notice of Hearing

a. Within three (3) days of the date of suspension, a notice shall be sent by certified mail to the student's parents/guardians. The notice shall contain the following:

STUDENTS WHO RECOGNIZE A NEED FOR HELP

The Board of Education, together with the administrative and instructional staff, is committed to its responsibilities to safeguard the health, safety, and well-being of students, and to provide assistance to those students and families of students who are seeking help with alcohol and/or drug misuse problems.

Students who voluntarily seek help for themselves, a family member, or a friend are assured that any personal conversations about drugs or alcohol with a teacher, counselor, or administrator will be held in the strictest confidence unless there is clear evidence of danger to the well-being of the student or others. It is the sincere hope of every staff member that students who feel that they are in need of help, advice, or counseling, will seek help.

STUDENTS SUSPECTED OF DRUG OR ALCOHOL ABUSE

Although the Board of Education encourages and hopes that all students with drug or alcohol problems will voluntarily seek help, legal and moral responsibilities dictate an obligation to help students who are suspected of drug or alcohol abuse.

Form an orderly line for boarding the bus. Don't push or shove. Wait for flashing red lights to appear, traffic to stop and driver to give the okay before crossing the street or road to board the bus. Student must carry his/her bus pass at all times. Student will be required to show bus pass to the driver upon request. Do not destroy or damage resident's property at a bus stop. Book bags etc. must be small enough to be kept on lap. **No suitcases on wheels allowed.** Do not eat, drink, or smoke on the bus. Help keep the bus clean. Throw trash in garbage can, not on the floor. Conversation should take place in a normal tone of voice while on the bus so as not to distract the driver. Do not deface the bus in any way. All students are responsible for any damage they cause to the bus. Report any damage to the bus driver. In case of an emergency remain calm; leave items on seat; follow bus evacuation procedure, after leaving the bus: Move quickly away from the side of the bus to the curb or off the roadway. When necessary to cross the street or road, move 10 feet in front of the bus. Wait for the driver's signal to cross, and then move rapidly to the other side. **NEVER GO TO THE REAR OF THE BUS AND CROSS THE STREET OR ROAD.** Do not stop to pick up papers or books that are dropped by the wheels of bus or in the roadway while crossing in front of the bus or cars. Go quickly to the other side of the street and wait for parent or driver to signal that it is okay to pick up dropped items.

September 2019

Dear Parents, Teachers, Building Occupants, and Employee Organizations:

In the past, asbestos was used extensively in building materials because of its insulating, sound absorbing, and fire retarding capabilities. Virtually any building constructed before the late 1970s contained some asbestos. Intact and undisturbed asbestos materials generally do not pose a health risk. Asbestos materials, however, can become hazardous when, due to damage or deterioration over time, they release fibers. If the fibers are inhaled, they can lead to health problems, such as cancer and asbestosis.

In 1986, Congress passed the Asbestos Hazard Emergency Response Act (AHERA) which requires schools to be inspected to identify any asbestos containing building materials. Suspected asbestos-containing building materials were located, sampled (or assumed) and rated according to condition and potential hazard. Every three years, South Plainfield School District has conducted a re-inspection to determine whether the condition of the known or assumed asbestos containing building materials (ACBM) has changed and to make recommendations on managing or removing the ACBM. At the last re-inspection conducted in September 2018 all materials listed in the Management Plan as asbestos containing (or assumed to be asbestos-containing) were inspected and found to be in good condition.

The law further requires an asbestos management plan to be in place by July 1989. South Plainfield School District developed a plan, as required, which has been continually updated. The plan has several ongoing requirements: publish a notification on management plan availability and the status of asbestos activities; educate and train its employees about asbestos and how to deal with it; notify short-term or temporary workers on the locations of the asbestos containing building materials; post warning labels in routine maintenance areas where asbestos was previously identified or assumed; follow set plans and procedures designed to minimize the disturbance of asbestos containing building materials; and survey the condition of these materials every six months to assure that they remain in good condition.

During the past year, bulk sampling activities and various inspections to comply with the management plan requirements were completed.

It is the intention of South Plainfield School District to comply with all federal and state regulations controlling asbestos and to take whatever steps are necessary to ensure students and employees a healthy and safe environment in which to learn and work. You are welcome to review a copy of the asbestos management plan in school district administrative office or administrative office of the school during regular business hours. Mr. Thomas Wiggins, Supervisor of Buildings and Grounds, is our designated asbestos program coordinator, and all inquiries regarding the asbestos plan and asbestos-related issues should be directed to him at 908-754-4620, extension 8270.

Sincerely,

Thomas Wiggins,
Supervisor of Buildings and Grounds
